Your program at Carey:

After creating the account, the user can log into the website at any time with his username and password.

4. Ticket purchasing

After deciding which movie to watch, the user can click the “Tickets” button on the navigation bar to purchase the tickets.

The screenshot shows a ticket purchasing form. At the top, there are two rows for ticket selection: 'Student \$6.99' and 'NonStudent \$9.99'. Each row has a quantity selector set to '0' and a price display of '\$0.00'. Below this is a dropdown menu labeled 'The movie you choose:' with the text 'Select one from the following'. Underneath the dropdown are several lines of red text: 'Age Restriction Notice: Children under 6 are not allowed at R-rated movies.', 'For orders containing more than 10 of single ticket type, please use multiple accounts.', 'Please bring your ID when picking up tickets.', and 'No food allowed.'. There are two input fields: 'Please enter your name: (at most 15 characters)' and 'Please enter your phone number:'. At the bottom right, it shows 'Total: \$ 0.00' and a 'Checkout' button.

In the tickets purchasing section, the user can choose which movie they want to watch. After that, the user can choose how many tickets they want to purchase meanwhile the website can calculate the total price of tickets the user should pay. Before the check out, the user should enter his name and phone number on the checkout site. If the remaining tickets are out of stock, the user cannot purchase tickets for the movie.

The modal dialog box has a title bar that says 'localhost:8080 says'. The main text inside says 'Sold out!!!'. In the bottom right corner, there is a blue button with the text 'OK'.

There are several targeted users we want to include in the website--- students, faculty staff, and their families. They can enjoy the better discount on the tickets price. Of course, our website encourages more users to engage in.

As for the editor of our website, we can easily to add new movies into the movie list without change the whole structure of website as well as the checkout page.
